

Nestled amongst the snow-capped mountains of Central Otago is our small Pinot Noir vineyard. Legend has it that the body of a young man was buried on the land back in the 1860s. No one knew who the young man was so his grave was simply marked “Somebody’s Darling lies buried here” – we named the vineyard Someone’s Darling.

This region produces intensely layered and complex wines, making it ideal for growing Pinot Noir. We are the custodians of this piece of land and our responsibility is to respect its rhythm, making wine with low intervention and with the love of the land.

Loveblock is our heart and soul.

2016 Central Otago Pinot Noir

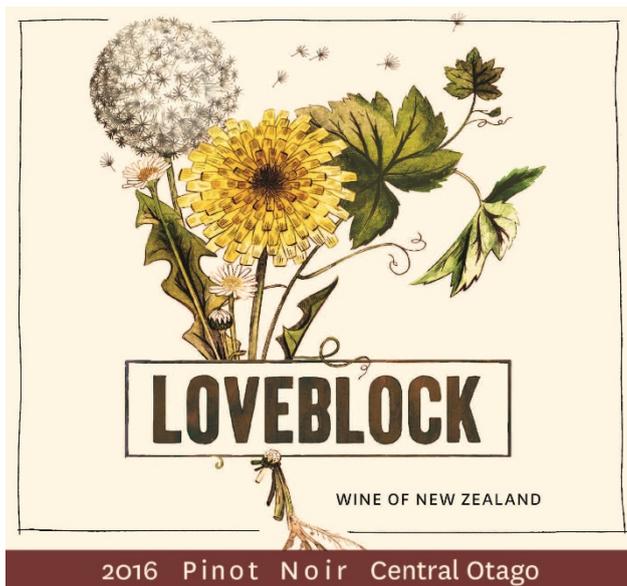

Sustainable Single Vineyard

Vineyard Notes

The Pinot Noir grapes come from our family-owned estate on the Bendigo Loop Road in Central Otago. Here, the soil type is free-draining sandy loam over schist alluvium gravels known as Molyneux soils. The clones planted in these soils are B777, B667, B115, Clone 5 (Pommard) and Abel. The vineyard is entirely cane pruned to two canes, with the wire being approximately half full. The Dijon clones give the wine nice floral notes, while Abel and Pommard provide structure.

Vinification

Once the clones entered the required flavour profile they were machine harvested with a destemming harvester. At the winery, the fruit was pumped straight to the tank without crushing in order to leave some whole berries. After a five-day cold soak, the must was inoculated with D254 yeast. The ferment was hand plunged twice daily until dry when it was pressed off. The wine then underwent full malolactic fermentation in tank. After eight months of ageing, the wine was stabilised and coarse filtered. Approximately 50% of this wine was aged in oak.
