## 2018 Marlborough Sauvignon Blanc Organic Single Vineyard

### Vineyard Notes

The grapes for this wine are sourced from our Woolshed vineyard on Loveblock Farm, in the Lower Dashwood sub-region of Marlborough's Awatere Valley. The soil type is predominately aged alluvial loams containing some silt loam over stone. Dependent on vigour, the vines are pruned to two, three or four canes and trained in a normal vertical shoot position. Ideal flowering conditions, followed by a warm dry summer, meant that the grapes were picked in perfect condition. As vine vigour determines the crop load, the yield was an average of 9.5 tonnes per hectare. Harvest occurred in the month of March. No sulphur or ascorbic acid were used in the vineyard.

### Vinification

Harvested in the cool Marlborough mornings (30 percent by hand and 70 percent by machine), the fruit for this wine was batch produced in small amounts, with soil variation within the vineyard determining the batch size. The batches were fermented separately with natural yeasts until dry and a small portion of the juice was barrel fermented in neutral old French oak barrels filled straight from the press, malolactic fermentation then occurred. In addition, a quarter of the tanks underwent full malolactic fermentation to reduce acidity. Post fermentation, only the best parcels were selected for the final Loveblock blend.
