

LOVEBLOCK

Perched right on top of the hills overlooking Marlborough's Awatere Valley, our Loveblock is far removed from the agricultural bustle in the valley below. From here you can almost see the end of the planet, the peace lifts you above your troubles. We are charged with creating the best wine we can to express this extraordinary place with its unique aspect. We follow our deeply held belief of low intervention farming which allows the wine to show its true and naked terroir.

Loveblock is our heart and soul.

2021 Marlborough Pinot Gris Estate Single Vineyard

Vineyard Notes

The grapes are from our family-owned Loveblock Farm in Lower Dashwood area. Relatively unique in Marlborough, these grapes were sourced from our elevated Hillside vineyard and a small portion from the certified-organic estate vineyard, the Triangle. Here, the vineyard soils are predominately aged alluvial loams containing some silt loam over clay. The grapes were harvested in March yielding three tonnes per acre.

Vinification

In making dry Pinot Gris, we have to manage the vine to give flavour ripeness at low Brix, so that the wine is not overly alcoholic. Once the grapes from the Hillside vineyard were ripe, the fruit was machine harvested (no preservatives were added in the vineyard to reduce the grape phenolics). The juice was then floated and inoculated. This was followed by cool fermentation with an aromatic yeast (in order to optimise the aromatics) and the ferment was stopped when in balance. The wine was fermented with minimum skin contact. In addition, 10% of the organic Pinot Gris from the Triangle vineyard was fermented in neutral old French oak barrels and another 10% was transferred to a concrete egg for fermentation. These portions underwent malolactic fermentation and were blended in to the estate blend to add complexity and mouthfeel to the finished wine. Once finished, the wine was cold stabilised and bottled in October 2021.
